The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing to the public a parallel fact; that the stomach is the most vulnerable organ of the body and as well as in it. We protect our heads, throats, feet and lungs, but the stomach is utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect your health. Dr. Pierce's Golden Medical Discovery cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and assimilation. The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for \$1 stamp. Address Dr. Pierce as above.

Heart Strength
Heart Strength, or Heart Weakness, means Nerve
Strength, or Nerve Weakness—nothing more. Posi-
tively, not one weak heart in a hundred is in it-
self, actually diseased. It is almost always a
hidden tiny little nerve that really is at fault.
This obscure nerve—the Cardiac, or Heart Nerve
—simply needs, and must have, more power, more
stability, more controlling, more governing
strength. Without that the Heart must continue
to fail, and the stomach and kidneys also have
these same controlling nerves.
This clearly explains why, as a medicine, Dr.
Shoop's Restorative has in the past done so much
for weak and ailing hearts. Dr. Shoop first sought
the cause of all this pathological, unsettling
heart distress. Dr. Shoop's Restorative—this
popular prescription—is alone directed to these
weak and ailing nerves.
If you would have strong hearts, strong dis-
position, strengthen these nerves—restabilize
them as needed, with

Dr. Shoop's Restorative

THE PRESBYTERIAN SYNOD.

The Synod of Virginia, of the Southern Presbyterian Church, finished its work at Charleston, W. Va., yesterday and adjourned at noon to meet next year at Roanoke, Va., on October 15.

The closing hours were marked by several discussions that were among the most interesting of the entire session, among them being the overture from the general assembly presented by Rev. Mr. Bettlinger, asking that the two colored Presbyteries, who still retain connection with that body, be requested to withdraw therefrom and unite with the colored assembly.

The question was warmly debated, opinion being apparently evenly divided as to the best course to pursue. The overture was finally tabled.
A paper was presented by Dr. S. S. Laws, of Washington, bearing upon the question of polygamy among converts to those countries under the jurisdiction of the foreign mission board and where polygamy had been practiced prior to conversion. Owing to the limited time, Dr. Laws did not address the body on the subject, but reserved the right to do so at a future meeting.
Upon motion of Dr. Lancaster a committee was appointed to confer with like committees from the Synods of North and South Carolina, Georgia, Florida, Alabama, Mississippi, Tennessee and Texas to inquire into the feasibility of uniting Clarksville, Columbia, and Union Theological seminaries into one institution.

A commission was appointed to investigate the differences which have arisen at the Orphan's Home in Lynchburg.

His Dear Old Mother.
"My dear old mother, who is now eighty-three years old, lives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, is strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all druggists. 50c.

WOMAN TO BE HANGED.
Mlle. Raguzinnikova, who on Monday shot and killed General Maximoffsky, director of the Department of Prisons of the Russian Ministry of the Interior, was taken to the fortress of St. Peter and St. Paul in St. Petersburg yesterday, tried by court-martial and sentenced to be executed by hanging.
It was reported during the day that the police had discovered another plot against the life of Emperor Nicholas, and a high official was said to have been arrested in this connection.
Six men who were tried by court-martial and sentenced to death on the charge of founding an association of anarchists and communists were hanged at Odessa yesterday.
A mutiny has just been suppressed among a portion of the Russian troops at Vladivostok. The mutineers complained that they are underpaid, subjected to dreadful hardships and kept in exile far from home. When an effort was made to force them to return to duty they seized their officers and opened fire on the barracks. The loyalists replied with machine guns dispersing the rebels after a sharp encounter. It is officially announced that five soldiers were killed and nine seriously wounded. It is believed, however, that the actual number of casualties is much larger. The ringleaders are under arrest. They will be court-martialed and probably several will be shot.

MYSTERIOUS DEATH.

A man who went to the Waldorf-Astoria in New York on October 24 and registered as H. B. Potter, jr., of Philadelphia, was found dead in his room on the fourth floor last night. He was lying face downward in a pool of blood, and many bruises and cuts were on his body.

Detective Smith, of the Waldorf-Astoria staff, said that Potter came to the hotel Saturday night, 19 inst., and appeared to be in trouble. When Detective Smith questioned him, he said he had been robbed and had tried to defend himself. The detective said he learned no further particulars of the robbery.

Coroner Harburger said he was convinced that Potter had been murdered, although he did not believe the murder took place in the hotel. He thought it was the result of the fight of last Saturday. A letter found in the dead man's pocket was addressed to Mrs. H. Bradley Potter, jr., of Doylestown, Pa.
The letter indicated that Potter was an agent for the Michigan Commercial Life Insurance Company, of Lansing, Mich. Its tone indicated that Potter contemplated suicide.

DISCOVERY OF ABOIGINES.
Dr. George B. Gordon, curator of the department of American archeology of the University of Pennsylvania, who reached Philadelphia yesterday after penetrating the Alaskan wilderness for 2,000 miles on the "Mrs. C. C. Harrison Expedition," reports the discovery of a small tribe of aborigines, hitherto unknown to ethnologists. Dr. Gordon calls these unknown American inhabitants "Kukwagmets." He brought a collection of their clothing, arms, utensils, etc.

The tribe was found about 800 miles from the mouth of the Kuskokwim river and they were few in number. This people, Dr. Gordon says, came of Athabascian stock, but have been conquered by the Eskimo, and have almost been absorbed by them. They retain many of the ancient characteristics in speech and dress. Instead of wearing furs, like the Eskimo, they make the skins of bears and other great birds into robes for clothing.

The 1908 Directory of Alexandria.

In connection with the modern job and book printing office which I expect to open in Alexandria within the next two weeks it is my intention to publish the 1908 edition of the City Directory here. The new book will be complete and modern in every way and will surpass any previous directory that has ever been published in Alexandria both in size, make-up and accuracy, with the further advantage that it will be a home production, printed and compiled in this city, and that all the receipts will be spent here. Already many of the prominent business firms have subscribed for the new book. The price will be Three Dollars and Fifty Cents which has been heretofore charged, and this amount will include the printing of your name in heavy type. Advertisements will be inserted at reasonable rates.

The book will be published on the first of January. The canvassers to secure names will start work on the fifteenth of November.
Please cut out the attached order, sign and send to me.

WEDNESDAY EVENING, OCT. 30, 1907.

Bishop Potter, speaking last night at the fall meeting of the Methodist Social Union of Brooklyn on "The Churches and Social Unrest," said that the present condition of society called for a new social order, and that the church must be a part of it. He said that the church must be a part of the social order, and that the church must be a part of the social order. He said that the church must be a part of the social order, and that the church must be a part of the social order.

In order to simulate travel to the Jamestown Exposition, the general passenger agents of all railroads with terminals in Norfolk met yesterday and decided to reduce the rates of travel to the fair to 1 cent a mile on Tuesdays, Thursdays, and Saturdays. The new rate will apply to all territory contiguous to Norfolk, and will become effective November 1. Better late than never, but the railroads should have done this long ago, and even now should give the reduced rates every day in the week for the remainder of the time the exposition is open instead of on but three days in the week. The Jamestown Exposition has hardly been fairly treated by some of the transportation companies.

WASHINGTON papers state that a decline of from 15 to 20 per cent in the price of meats has taken place in that city within the last two weeks, and, according to leading dealers, these cut rates will probably continue for some time. Beef roasts which sold for 10 cents last month, the papers state, are now being disposed of at 7-1/2 and 8 cents a pound. Other meat products are going at the same rates. According to a dealer, beef is selling at lower rates there now than it has for months. Housekeepers in this city will be glad when the reduction in meat prices goes into effect here.

FOR WANT of room in the government buildings in Washington a branch office of the civil service commission was opened in the government building in this city today. The room has a seating capacity of seventy-five and when the examination was commenced this morning about sixty applicants, for positions, white, black, male and female, were on hand. A citizen who looked in upon the assembly remarked that it reminded him of a session of the South Carolina legislature during reconstruction times.

Dr. WILEY, of the Department of Agriculture, has secured 12 volunteers upon whom he will make experiments with soft drinks. Should the doctor wish to experiment with "straight goods," he could secure an unlimited number of volunteers.

From Washington.
(Continued from the Alexandria Gazette.)

Washington, Oct. 30.
President Roosevelt is taking a great deal of interest in the war that is now being waged in the south between the secession and prohibition interests. Among his recent visitors was Congressman Taylor, of Alabama, who assured him that when the elections are over, Mobile will be the only place in the State where a person may get a drink of red liquor without bumping against the law. "If the county polled a larger vote than the city, Mobile would also go dry," said Mr. Taylor, just as Birmingham did. "But the vote of Mobile outnumbers the vote of the county more than three to one and religion men will win out. I do not believe," continued Mr. Taylor, "that the Alabama legislature will ever go as far as the legislature of Georgia went on the subject of prohibition. It is the general opinion throughout the south that the brewers of Georgia were not given a show for their white ally. Without any warning to speak of they were kicked out of the State and the \$2,000,000 or \$3,000,000 they had invested in business is just about thrown into the gutter. It would have been no more than fair to have given them, say three years in which to close up their business and get out of the State."

A searching investigation into the subject of railroad over-capitalization is to be made by the House committee on interstate and foreign commerce, if the predictions of Representative Mann,

of Chicago, come true. Mann had a long talk with the President today over matter pertaining to the work of his committee. "There is considerable pressure being brought to bear upon certain members of Congress to prevent any further agitation of the subject, on the ground that it would mean a continuance of the money panic," said Mann. "It may have just the opposite effect, however, for in the minds of a great many, the present flurry shows the need of just such an investigation and further legislation. The investor in railroad stocks has a perfect right to know whether the stock he is buying is anything but paper, or is really worth something, whether the interest he receives is paid from actual earnings, or is borrowed money. If we cannot get through some legislation on the subject we will undoubtedly have a very thorough investigation of the subject."

Much that organized labor has gained in years by strikes and other contests with capital will go for naught if Attorney General Bonaparte does not win in the fight he is making today on labor's behalf in the Supreme Court of the United States. He is defending the constitutionality of the Erdman act of 1898, containing a provision making it a crime for a common carrier of interstate commerce, or its agent, to threaten or discriminate against an employee because he belongs to a union. One of the first things the House appropriations committee will be asked, on its arrival at the canal zone, is for the expenditure of about \$900,000 on family quarters for the isthmus. Three hundred and nine applications are on file for such accommodations, which the Canal Commission can not supply without creating a deficiency. A special board appointed to investigate the prevalence of pneumonia at the isthmus has reported the disease due to an infectious catarrh, to which new arrivals are especially susceptible.

President Roosevelt will leave Washington Monday night for Oyster Bay, where he will cast his vote on election day. There is very little interest being taken in the New York State elections this fall and all the President will vote for are a few scattering county officers. But he holds that it is just as important for him to vote for a county official as for a president or governor and has not missed casting his ballot for many years.

Wm. Bissell, forty-five years old, of 1109 Eighth street, fell into the water while returning from Alexandria on a ferry boat yesterday. He was fished out by a tug, and taken to the hospital. Orders directing the big sea-going tug Potomac to prepare to accompany Admiral Evans' battleship fleet to the Pacific have been rescinded by the Navy Department.

Comptroller of the Currency Budge, after consultation with Secretary of the Treasury Cortelyou, has proposed to the National Banks of the country that they substitute other securities for their government bonds on deposit with the Treasury, and use the bonds thus released for the purpose of additional circulation. It is stated that from fifteen to twenty million dollars additional circulation may thus be obtained immediately. With notes now actually printed, and on hand in the Treasury vaults. In an official statement issued this afternoon, outlining the plan for relieving the monetary stringency, the comptroller says that both telegraph and telephone are being used to urge the banks to take prompt action. Secretary Cortelyou issued the following statement this afternoon: "Conditions in the Treasury Department are very satisfactory in view of the large disbursements of the past week. The director of the mint has been instructed to work to the utmost capacity the mints at San Francisco and Philadelphia for the coinage of the large amount of bullion on hand and every other branch of the Treasury Department that can in any way afford relief is working over time. Secretary Cortelyou today conferred with various representatives of cotton, sugar, and other industries, and the latter, with a view of facilitating movements that will affect a substantial easing of the general situation, and is much encouraged by the results of his efforts. The secretary has today received very encouraging reports from different sections of the country."

The joint army and navy board will shortly take up the question of the fortification of the Philippines.

The Navy Department has just bought 85,000 pounds of copper at 12 1/2 cents per pound, the lowest price paid in many years.

THE RACE QUESTION.
The race question has broken out among the United Spanish war veterans in Washington, and it looks as if the local white camps of the order in that city are on the verge of seceding from the body.

The controversy between the white men and the colored men took an ugly form Monday night at a meeting of the veterans, held at the Grand Army Hall. The members of Admiral Thomas Camp, which consists entirely of colored men, marched into the hall in new uniforms, and took their seats on one side of the room. All white members of the order who were sitting on the other side of the hall immediately arose and crossed over to the other side of the hall. Mrs. Isabel Worrell Ball, past district president of the National Woman's Auxiliary, made an address, in which she stated that the Spanish war had wiped out the Mason and Dixon line, as well as the color line, and that there was no color line in the Spanish War Veterans' organization. Mrs. Ball's statement was greeted with sharp hisses from the colored members of the hall, who were white veterans, and a number of them arose and left the hall. An effort was made to stop them, but the effort failed.

Later in the evening, when the meeting was about to close, Commander-in-Chief Hale called upon Rev. W. H. Coston to conclude the session with prayer. Rev. Coston is a colored man, and served through the Spanish war as a veteran. He wore the full uniform of the order, and as he arose and walked to the platform he was greeted with more hisses. Again many of the white men left the hall. Commander Hale stepped to the front of the platform and called out: "Comrades, if you leave this room now it is an insult to me, your commander-in-chief."

No attention was paid to his protest, and more men left. Commander Hale watched them, and then with a wave of his hand called after them: "Then go!"

An unknown student was killed today in an unsuccessful attempt to assassinate Prince Cortathoff, Governor of Viatka, Russia.

News of the Day.

Many of the striking telegraphers are returning to work throughout the country. A report in Pittsburgh says that four people have been killed in a wreck on the Wabash Railroad, near Venice, Washington county, Pa.

Mrs. Roger Q. Mills, wife of former United States Senator Roger Q. Mills, of Texas, died on Monday at their old southern mansion at Corsicana, in that State.

A short lived raid occurred on the national State banks at Pittsburg, Pa., today when foreign depositors drew out about ten thousand dollars. At noon the raid ceased.

Snow has fallen at Elkins, W. Va., intermittently throughout the last 24 hours. Rural mail carriers report that in the surrounding mountains there was a blizzard yesterday.

Fire gutted the upper section of the Knight Richmond building at Brockton, Mass., today, causing a loss by fire and water estimated at over \$50,000. The loss is covered by insurance.

One man was killed and three injured today in a collision on the Wheeling, W. Va., and Elm Grove traction line, near Elm Grove, miles from Wheeling. The car collided head-on with a work train standing on the side track. Heavy fog is ascribed as the cause.

The Finnish Diet has adopted the proposed appropriation of \$4,000,000 as a bi-annual compensation to the Russian government for the exemption of Finns from service in the Russian army, but plainly intimated that no further money for this purpose would be forthcoming.

A dispatch from Mexico City says that Governor Miguel Ahumada, of the State of Jalisco, is reported, will succeed Enrique Creel as Ambassador to the United States. Creel became governor of Chihuahua. Joaquín O'Quinn, former Ambassador, denies he is to be returned.

That the South is financially safe and in position to benefit greatly the other portions of the United States was the opinion expressed yesterday by New Orleans bankers and business men. The immense exports of cotton and also sugar and rice are relied on shortly to bring in gold from abroad.

That the big sailing ship Arthur Seawall, laden with coal for the American fleet in the Pacific, has been wrecked close to Cape Horn and her crew of forty eaten by cannibals, who infest the islands near Terra del Fuego and the Straits of Magellan, is believed at the Maritime Exchange in New York.

Secretary Cortelyou has decided to call in some \$30,000,000 now deposited to the credit of disbursing agents. Wall street yesterday began to feel the effect of the battle against the contraction of credit, and the movement of wheat, tobacco and cotton is relied on to bring large quantities of European gold.

It is reported at Asheville, N. C., that an agreement practically has been reached among the governors of North Carolina, Georgia and Alabama and railroad officials whereby the existing low passenger rates, put in effect by the last legislature of these States, will be set aside and a uniform rate of 2-1/2 cents a mile substituted.

The annual reduction in the construction and improvement camps of the western railroads began yesterday, when the Union Pacific Railroad discharged several thousand workmen at Omaha. The approach of cold weather and the necessarily shorter hours of employment caused the action, which is similar to steps taken each autumn in that section.

The hearing on the appeal of William Davis, the New York broker convicted by the supreme court of the District of Columbia for violating the gambling laws by taking bets on the races, was yesterday postponed by the court of appeals of the District of Columbia until December. This action carries the case beyond the Beeding race meeting, which opens Nov. 16.

Mrs. Nicholas Kitowski, of Carson, Wis., was blown to pieces yesterday by the explosion of a stick of dynamite that had been placed on the kitchen stove to dry.

Two of her children, who were sitting on the kitchen chairs when the accident happened were fatally injured. A third child, aged five, was struck by a piece of the stove, the iron being imbedded in its forehead. A fourth child was also struck by flying metal, but will recover.

For hazing Charles Stoner, a student at a Bradford, Illinois, school, five young men of that place must pay \$14,000 damages, according to a verdict brought in by a jury. The defendants are William Reed, Earl Leppin, Arley Harwood, Earl Hone and Francis Long.

They are said to have tied Stoner to a tombstone in a cemetery and frightened him so badly that in his attempts to get free he pulled the tombstone over on himself, breaking a bone in his leg. He was confined in a hospital, a nervous wreck, for several weeks.

A flywheel in the engine room of the National Hotel in Washington broke yesterday morning and caused considerable excitement until the exact cause of the disturbance was ascertained. For a time cries of "Fire!" and "Earthquake!" rang high above the voices of the startled guests. Flying pieces from the broken wheel crashed through the engine room ceiling and passing through the dining room, damaged its ceiling, which formed the lower part of the floor of guest rooms immediately above. The broken fly-wheel measured six feet in diameter.

Missing Girl Found.
London, Oct. 30.—Barbara Lapoukine, 18-year-old daughter of former Police Director Lapoukine, of St. Petersburg, who was reported kidnapped, supposedly by Russian terrorists, while leaving the theatre here Thursday night, has been returned in safety to her boarding house at Woburn.

Miss Lapoukine arrived at home alone. She seemed dazed and in great mental and physical distress. Miss Russell, her governess, hurried her to her apartment, refusing to permit any one to talk with her, and sent for the young woman's father, who was aiding the Scotland Yard detectives in their search. Lapoukine buried at once her daughter's side, held a short conversation with her, and took her from London. No explanations were given of the girl's disappearance or of her return.

Virginia News.

It is believed that the board of visitors of the Western State Hospital will soon consider plans for the hospital to be erected on the Markland estate, opposite Lynchburg, for the care of the epileptic inmates of the State.

Assistant District Attorney Hoge, of Roanoke, on behalf of the government, yesterday gave out a treasury warrant for \$16,000 to William V. Hodges, for a site on which to erect the new federal building in Winchester, which is to cost \$60,000. Building operations are to begin soon.

Miss Annie Turpin, daughter of P. L. Turpin, a merchant of Boynton, carried an apple to school one day last week and on cutting it found a stone, apparently a diamond, in one of the seed cells of the apple. The other cells of the core were filled with seeds. The stone cut glass and looks as if it was once set in a ring.

A dispatch from Towhee, Pittsylvania county, says that Armisted Craft, a negro, was burned to death in a fire, which destroyed his house and contents, early Monday morning. Only fragments of the body were found. Craft was credited with having hoarded money at his home. It is supposed that he was murdered by robbers, who set fire to the house to hide traces of the crime.

Pupils at the Winchester public school no longer chew gum during school hours. The principal, Mr. N. D. Cook, the principal, reported to the school board yesterday that a large number of pupils are addicted to the chewing-gum habit, and that it had a tendency to demoralize and to interfere with study. The school board promptly barred chewing gum from the public school and instructed the principal to summarily dismiss all pupils caught with the gum in their mouths.

Congressman James H. Madison, who is one of the best-known Representatives in Congress, while in Winchester, yesterday, expressed the belief that William Jennings Bryan will be the democratic nominee for President next year. "I would like to see the nomination go to John W. Daniel," said Mr. Hay, "but it is my belief that Mr. Bryan will be the nominee. Bryan is a wonderfully strong man with the people. In my opinion he's the strongest man in the country. I know he's a defeated candidate, but I believe he's the logical man." Asked if he thought President Roosevelt would run again, Mr. Hay said: "No; I do not believe so. I believe that either Taft or Cannon will be the nominee of the republicans."

Paria, Oct. 30.—Russia has Turkey at its mercy at this time, through a startling diplomatic maneuver of which the details have just leaked out.

The Ozer obtained his long-sought advantage over the Turk by means of a treaty with Bulgaria. In the event of a Russo-Bulgarian war, Russia pledges itself to aid Bulgaria with 18 cavalry and artillery regiments and, in return, Bulgaria promises to loan its new torpedo flotilla to the Ozer whenever the latter needs it for service against the Sultan.

The agreement is especially significant in view of the recent Anglo-Russian convention recognizing Russia's predominance on the western Persian frontier. The combination of treaties enables Russia to send an army from Persia to join a Russo-Bulgarian force, tears down Turkey's defense on its weakest side and makes Constantinople's fall certain in the event of hostilities.

The treaty was negotiated between Prince Ferdinand of Bulgaria and the Russian Grand Duke Vladimir during the latter's recent visit to Sofia.

Berlin, Oct. 30.—Germany is not satisfied with the ruin of Count Von Moltke and the disgrace of his fellow "Knights of the Round Table," whose names figured in the testimony at the Von Moltke-Harden libel trial.

The court's decision that Harden was justified in his charges against Von Moltke and his associates was a good beginning, the Berlin Press declares, but the campaign should not be allowed to stop now.

Many men guilty of immoralities as shocking as those attributed to Von Moltke still hold high positions about the Kaiser and wield great influence in public affairs, says the Tagblatt, voicing the popular opinion. These must be exposed, it is declared, and expelled from the court in disgrace.

Officialdom is convinced a complete investigation will be ordered by the Kaiser and the general opinion is that scandals still more startling than those in which the "Knights" are involved are likely at any time.

Campaign Against Impure Milk.
Heidelberg, Germany, Oct. 30.—Heidelberg is headquarters for a campaign throughout Europe against impure milk. Nathan Straus, an American millionaire, is conducting the fight.

Having made a good start in American cities, the campaign is being carried to Europe to halt the spread of tuberculosis and other malignant diseases due to disregard of the pasteurization system.

To promote his point he has established an experimental pasteurizing plant to which physicians, scientists, health officers and philanthropists are making pilgrimages from all over Germany.

Straus has already given similar plants to Liverpool, Dublin, Munich, Osnabruck and Brussels and says he will do the same by any other European city where infant mortality is high and the municipality can raise the money to take its own measures of protection.

Novel Suit for Divorce.
Brooklyn, Mass., Oct. 30.—Unwilling to undergo the course of training which her husband prescribed to fit her for "high society," Mrs. Maude Crowell Foote is suing for divorce from Henry S. Foote, of Denver, son of a former United States Senator from California, grandson of ex-Governor Foote, of Nevada, and nephew of F. O. Benedict, the rich New York banker. "His rich relatives were not satisfied with me," says the young wife, "and he wanted to send me away to boarding school to fit me for smart society. I bore it as long as I could, but I refused to go to school. I did not propose to be out of absolutely from my own family. I rebelled and ran away."

Today's Telegraphic News.

From Richmond.
[Special Dispatch to the Alexandria Gazette.] Richmond, Va., Oct. 30.—Governor Swanson said today that he had been invited to confer with the Governors of Georgia, Alabama and North Carolina at Atlanta Friday on the subject of a uniform passenger rate of 2 1/2 cents for the States named, Virginia, has 2 cent rate already. The governor will not attend the conference.

Mrs. R. L. Patterson, a handsome young matron, whose husband seeks a divorce from her, was accidentally shot in the head by her sister, Mrs. Edna McDonald, at the supper table last night. The pistol was the property of John Brown, a street car conductor, who was present. Mrs. McDonald did not know the weapon was loaded. Mrs. Patterson will die.

Earthquake and Landslide.
Tashkent, Russian Turkestan, Oct. 30.—A landslide has swept the whole town of Karatagh, in Bokhara, burying the entire population of 15,000. The governor and his mother are believed to be the only survivors.

The landslide followed the recent earthquake. The shocks occurred October 20 and 21 and did great damage. So far as known, however, only two persons were killed at that time. The victims were struck by falling masonry. Most of the people fled to the open country, but afterward returned to their homes.

Another Dispatch.
Tashkent, Russian Turkestan, Oct. 30.—A mountain slide has toppled upon the city of Karatagh, in Bokhara, burying the town and practically all of its 15,000 inhabitants under many feet of earth and rock.

Karatagh was shaken by a terrific earthquake October 21, many of the buildings were already in ruins and most of the people, frightened from their homes, were camped in the streets.

The vast slide was undoubtedly started by the earth shocks. After hanging poised over the city for days it started so suddenly that the inhabitants had no time for flight.

The governor and his mother, who are the only ones who are positively known to have escaped, it is conjectured that others in suburbs at some distance from the mountain also survive, but no news has been received from them as yet.

Communication with the stricken district, never speedy, is now completely prostrated. It will probably be many days before details can be learned. Rescuers are on their way to the scene of the disaster to render aid to those who may yet be alive.

The story is generally accepted here, however, that the community's annihilation was practically complete and that the number of dead will not fall far, if any, short of 15,000.

Karatagh is situated 100 miles southeast of Samarkand in Russian Turkestan where severe earthquake shocks occurred October 20 and 21.

The disturbances were recorded by the Weather Bureau's instruments in Washington. They were believed to have originated in the southern Indian Ocean at a point west of Australia.

Dispatches were received the same day from St. Petersburg reporting heavy shocks in Central Asia, at Lattakurgan, Khokand and other places.

Karatagh is in a mountainous country and the earthquake is supposed to have been so severe that the loose earth was rolled upon the city.

Little Girl Murdered.
Renovo, Pa., Oct. 30.—Great excitement prevails here today as the result of the brutal mistreatment and murder of 9-year-old Mary Donnelly, whose body was found this morning on the bank of the west branch of the Susquehanna river.

Posers are searching for the murderer and the officers have little hope of preventing a lynch mob if he is captured. No clue to his identity so far has been found.

The child's parents became frightened at her absence last night. Bills were rung and whistles blown. The whole town was aroused. Searching parties were formed and were at work until the little body was discovered. The little girl undoubtedly was choked to death. Physicians say it is one of the most brutal cases ever known in this part of the State.

Umpire Arrested.
Chicago, Oct. 30.—Jack Sheridan, umpire in the American League, was arrested this morning after a fight. Sheridan has a blue eye, \$2,700 in currency and a "grouch."

The "grouch" had developed to such an extent when he reached police headquarters he refused to give bail. Sheridan and a man who gave him the name as Molson, of Chicago, had been drinking in Saratoga Annex. O'Glenn, a broker from Denver, and M. J. Moter, a rancher from Cheyenne, asked Sheridan and his friend to have a drink with them. Sheridan refused and the fight was on. It required the combined efforts of half a dozen policemen to untangle the quartette.

Storm and Loss of Life.
New York, Oct. 30.—A message just received here from Houston, Tex., says a big storm has visited Galveston and that several lives have been lost. The message said that the report could not be confirmed as communication had been cut off.

St. Louis, Oct. 30.—The Western Union here today reports a storm in the city of Galveston caused the company to lose cable connections early today and that men were trying at present to restore the connection and communication. It is said the wires will be working this afternoon.

Murders and Suicide.
Tulsa, I. T., Oct. 30.—Two murders and a suicide occurred here early today, growing out of family troubles in the home of D. H. Stockwell. Stockwell shot and killed W. E. Campbell, one of the wealthiest citizens here, then killed his own son and committed suicide by shooting himself. The families are related and Mrs. Stockwell had sought refuge in the Campbell home, after her husband had driven her from home. Stockwell then killed his little son who was sleeping. His little daughter escaped death by running to neighbors.

Stomach troubles, heart and kidney ailments can be quickly corrected with a pre-emptive course of family troubles in the Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the stomach, etc. Sold by E. S. Goodheart & Sons.

Mutiny on Torpedo Boats.

Tokio, Oct. 30.—The Uji today publishes a dispatch from Vladivostok, saying that the crews of two Russian torpedo boats there mutinied and attacked the city from the sea.

The soldiers garrisoning the fortress, it was added, responded with a brisk fire, which resulted in one of the torpedo boats being disabled. The casualties and amount of damage done were not known.

St. Petersburg, Oct. 30.—Pending the arrival of an official report from the military commander at Vladivostok great anxiety is felt concerning yesterday's mutiny. Though there seems no doubt that the mutineers were beaten, conflicting accounts have been received.

Yesterday afternoon's version was that the mutineers were soldiers, and advice today added that they included a battalion of sappers, recently arrived, who attacked the barracks with rifles, but were vanquished by loyal troops after a fight in which the latter used machine guns.

From Tokio comes a story today that two torpedo boat crews rose against their officers and attacked the city from the sea. The fortress garrison opened fire on them and disabled one of the boats. The Tokio report, however, is unverified.

Return of Confidence.
New York, Oct. 30.—With the announcement today that the Knickerbocker Trust Company will pay its depositors dollar for dollar banking conditions practically returned to normal yesterday. Wall street is openly congratulating itself for weathering one of the worst storms that has struck the financial center in years.

Decreased values on the stock exchange are the inevitable result of liquidation following the money stringency. Brokers are still refusing marginal business and short orders. All the runs are practically over and all the bulls and bears are waiting for a sign of resumption to resume the conduct of their business along the usual lines.

The checking committee in charge of Knickerbocker Trust Company's books announced today the following figures: Absolutely good assets \$56,000,000; due depositors \$48,387,000; balance to bank of commerce \$2,412,000. The surplus is considered abundantly ample to cover shrinkage in values of securities held and loss in collections.

Railroad Tied Up.
Mexico City, Oct. 30.—The Tampico Division of the Mexican Central railroad is completely tied up by a strike. The struggle began with a fight between the Cardenas operator and a conductor, several of the latter's friends coming to his aid, their arrest followed and the entire force operating on the division walked out to compel their release. A special government representative is trying to settle the dispute.

Thirteen Persons Killed.
Lahore, India, Oct. 30.—Thirteen were killed and eleven seriously injured in a collision today between a passenger and a goods train on the Northwestern Railway. The crash is said to have been due to a switchman's error. The accident is the second on the same railroad within a week in which there has been heavy loss of life.

New York Stock Market.
New York, Oct. 30.—The stock market was a bit more depressed this morning. It was a better feeling about the liquidation of the Knickerbocker Trust Company was effective in depressing prices in many cases to the lowest ranges reached on this movement. The price movements with the exception of the stock shares were lower.

Losses in important issues were sustained ranging from 1 to 4 points. The demand increased as the hour progressed and after the first selling wave had spent its force, another new selling appeared to cause fair recoveries in the greater part of the list. From the end of the first hour until noon the market was steady and without important change in prices. Trading was generally on a small scale, and there was no prospect of stock for either long or short account.

There was a radical change in conditions in the afternoon, stock being in a steady decline and a supply could not be obtained by advancing bids. The changed conditions were the direct result of the relief in the money situation.

Out of Sight.
"Out of sight, out of mind," is an old saying which applies with special force to a son born or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Cures, cures, and cures. Guaranteed by druggists. 25c.

Alexandria, Va., October 30th, 1907.

A BRILLIANT WEDDING.

It was a brilliant and beautiful wedding taking place at high noon at the residence of Captain Herbert Bryant, 306 north Washington street, when his daughter, Ruth, became the bride of Lieut. Wilson Brown, Jr., United States navy. The handsome rooms were lovely with ferns and decorations consisting of palms, ferns, amallax and white chrysanthemums. The altar arranged at the end of the second parlor made the view through the vista of rooms enchanting. The maid of honor was Miss Marion Barnes Bryant, sister of the bride, and the best man was Lieut. Murdoch, U. S. E. The ushers were Esquire Robert Fairfax Leary, Lieutenant James Semmes Read, Gilbert Rowcliffe and John Walworth, all of the navy. Promptly at the hour the maid of honor advanced between the ribbons. Her costume was blue chiffon cloth, with hat of blue messaline trimmed with blue plumes. She carried a bouquet of white chrysanthemums. Next came the bride upon the arm of her father. She was a vision of love and grace, exquisitely groomed in white satin trimmed with Irish crochet and Duchesse lace; her bouquet was lilies of the valley and orchids. Advancing to the end of Gonnod's march from Faust, softly played by the orchestra stationed in the hall, she was awaited at the altar by the groom and his best man.

The always beautiful Episcopal marriage ceremony was read by the Rev. P. P. Phillips, rector of St. Paul's Church. The scene at the altar was a striking one, enhanced by the gorgeous uniforms of the officers of the United States navy whose martial effect brought to mind those familiar lines of Dryden's "Feast of Alexander."

Happy pair, happy pair, None but the brave deserves the fair. After congratulations had been duly tendered, the bride and groom led the way to the dining-room where an elaborate wedding breakfast was served. The orchestra rendering lovely music added much to the enjoyment of a function where were gathered the "light-hearted and the gay." After the breakfast and amidst the congratulations of the guests Lieut. and Mrs. Brown left for a bridal trip through the north and later they will make their home in Annapolis.

Among the guests of honor present were Mr. and Mrs. Wilson Brown, parents of the groom, and his brother and sister, Mr. Robert Brown and Miss Margaret Brown, all of New York; Major Thomas J. Kirkpatrick, U. S. A., and Mrs. Kirkpatrick; Lieut. John Downs Jr., U. S. N., and Mrs. Downs, both of these ladies being sisters of the bride; Col. and Mrs. Arthur Herbert, of Seminary Hill; Miss Beale Herbert, Mrs. Warren Buckner, Mr. and Mrs. Pinkney White and Mr. and Mrs. Kennedy Bone, of Baltimore; Miss Mary Ousley Lee, Mr. E. Herbert Fairfax and Miss Virginia Fairfax, Mr. Clare C. Waring and family, Mrs. Thomas Alexander Lee and Miss Mildred Lee, of Washington; Mrs. Courtland H. Smith and Mrs. Archie Hoxton, of Seminary Hill; Mr. and Mrs. Sloan, of Baltimore; General and Mrs. Walker, Mrs. Wilson, Kate Kearney Henry, of Washington; Mr. and Mrs. Cartwright, of Philadelphia, and others.

RIVER IMPROVEMENTS.

That all the wharf property in the District of Columbia should be under government control is the belief expressed in the annual report of the District wharf committee, submitted to the commissioners yesterday. The first step will be to increase the channel width 200 feet by moving back the wall of the Potomac flats, and in this connection it is proposed to widen Water street to 150 feet. Piers of pile construction are to be extended from the bulkhead line a distance of 300 feet, with dock room between them of 150 feet. Provision will be made for all traffic. These will be municipal piers, fish, and oyster wharves, and provision made for a marine railway. Surveys have been made, and plans are now being prepared for a system of docks along the Washington channel.

KNOCKED DOWN BY WAGON.

Mr. John Thorne, living at the head of Broad creek, Md., was struck by a wagon and knocked down while attempting to cross Lee street near the First National Bank on Monday evening. He was not seriously hurt, although somewhat out and bruised. Mr. Thorne came to this city for the purpose of purchasing eighteen bushels of oysters for an entertainment last night, that being the 50th anniversary of his marriage. He has seven sons, three daughters, forty-five grandchildren and one great-grandchild. So far no deaths have occurred in his family.

POLICE COURT.

[Justice H. B. Caton presiding.] There was but one case disposed of by the Police Court this morning—that of John McElroy, who had been arrested by Chief Goods for drunken and disorderly conduct. He was fined \$5. William Henderson, charged with disorderly conduct, had his case continued. Several owners of property on King street, between Patrick and Henry, who have failed to observe the law requiring them to top sewers, had their case postponed.

THE HUNTING SEASON.

Hunting season in this State begins on Friday next for the counties of Alexandria, Fairfax, Loudoun, Prince William, and Fauquier. Non-resident hunters will be required to take out hunting licenses. The penalties imposed by the Virginia game laws will be enforced upon non-resident hunters without license.

W. C. T. U.

The regular business meeting of the Alliance W. C. T. U. will be held tomorrow afternoon at 8 o'clock at the Children's Home on Duke street. The regular weekly prayer meeting will be held at 7:45 o'clock tomorrow evening at the Children's Home on Duke street.

PERSONAL.

Gov. Ewanon has appointed Mr. John A. Marshall, of this city, a delegate to represent the Eighth Virginia district in the National Drainage Congress, to be held at Baltimore, November 25-27, inclusive.

Col. and Mrs. R. S. Andrews were in Washington yesterday, on their way to New York. Col. Andrews was formerly superintendent of the Washington division of the Southern Railway, at Alexandria.

Mrs. N. T. Burke is visiting her father-in-law, Mr. J. W. Burke. Lieutenant Charles M. Maigne, of the 7th Cavalry stationed at Fort Riley, Kansas, wife and infant daughter are visiting Mrs. Maigne's parents, Mr. and Mrs. Francis J. Davidson. Senator Louis Pastor, of the Spanish Legion, and Senora Pastor have returned to their residence in Washington, after spending the summer in Spain, the visit being in the nature of a second honeymoon trip, as it was taken to introduce Senora Pastor (formerly Miss Constance Ozenove Lee, of Alexandria) to her husband's relatives.

Mrs. Henry Daingerfield has leased the residence 383 St. Paul street, Baltimore, and with her daughter, Miss Katherine Daingerfield, and her sons, Messrs. P. B. Key and Henry Daingerfield, will reside there this winter. Rev. John Carnaugh, formerly pastor of the Free Methodist Church in this city but now of Wilkesbarre, Pa., is in this city for a short time and will speak on King street tonight.

Rev. J. H. Taylor, of Washington, will preach in the Second Presbyterian Church tonight. He will also occupy the pulpit tomorrow and Friday nights.

Mrs. W. E. Lovejoy and daughter and Mrs. K. L. Lambeth are visiting Mrs. Rufus W. Powell, at Newport News and the Jamestown Exposition.

Mr. Wilson Brown, of New York, who came here today to attend the wedding of his son, Lieut. Brown, and Miss Ruth Bryant, will be pleasantly remembered by the Alexandrians and other Virginians who served with him on the Costa Rican railroad survey in the seventies.

CIRCUIT COURT FOR THE COUNTY

[Judge J. B. T. Thornton, presiding.] The session of the Circuit Court for Alexandria county this morning was taken up with proceedings in the case of John C. Nelson, who appeared in answer to a rule issued by Judge Thornton, requiring the defendant to show cause why he should not be fined and imprisoned for contempt of court. It was alleged that Nelson attempted to bribe a resident of Washington, who had been summoned as a witness in a criminal case recently pending in the Circuit Court. The prosecution sought to prove that Nelson made an effort to prevent the attendance of a witness in court, and tried to persuade him not to obey the summons, by offering him a sum of money. An affidavit from the witness relating to the circumstances of the alleged attempted bribery was presented to the court. The prosecution was conducted by Commonwealth's Attorney Oranald Mackey. Attorneys Machen and Moncure represented the defense. It was stated that at the time of the alleged attempt to bribe a subpoena had not been served on the witness. After the presentation of affidavits and arguments by counsel, Judge Thornton held Nelson in contempt and imposed a fine upon him of \$10 and sentenced him to serve five days in jail. Nelson took an appeal.

CIVIL SERVICE ROOMS.

Owing to lack of room in the government buildings in Washington the civil service examiners have fitted up rooms in the custom house building in this city and will in future conduct examinations here. The second floor of the building has been hard-wooded fitted up for this purpose—seventy-five desks having been placed in position besides other necessary appliances. The examinations were commenced this morning conducted by Mr. A. O. Arner and assisted by Messrs. N. L. Williamson and R. T. Lucas. Fifty-nine persons presented themselves for the examination—42 white males, 18 colored males, 8 white females and 1 colored female.

ENFORCING SEWER LAWS.

Several owners of property on King street, west of Patrick, were summoned by Officer Nicholson before the Police Court this morning to show cause why they should not be fined for allowing other than rain water to run on the street. Some of the accused signified their intention of making sewer connections. They were given ten days in which to comply with the law. An ordinance passed by the City Council several years ago forbids occupants of houses to allow any drainage to run on vitrified brick streets. The only surface drainage allowed is rain water.

WEDDING.

Mr. Frank Riley, of Washington and Miss Beale Carter, daughter of Mrs. Susan Fitching Carter, formerly of Alexandria but more recently of Washington, were married at noon today at "Colours," the residence of Mr. and Mrs. William A. Smoot, on Oronoco street, Rev. W. J. Morton, rector of Christ Church, officiating. The wedding was attended by only the relatives and immediate friends of the bride and groom and after a beautiful breakfast, Mr. and Mrs. Riley left on a bridal trip through the north.

HALLOW'EEN.

Tomorrow will be Halloween and to preserve order and prevent unseemly conduct by those who think that on such occasions they are licensed to do as they please, the Mayor has directed Chief Goods to "double-up" the policemen tomorrow night and see that while the boys are having their fun they do not transgress the city laws.

MOVING PICTURES.

The moving pictures now being exhibited by the Alexandria Amusement Company on King street, near Pitt, continue to attract many persons who are both instructed and amused. The pictures are being constantly changed, and all who attend are greatly pleased with them.

CORPORATION COURT.

[Judge L. C. Barley presiding.] Estelle Lee vs. W. W. Allen et al.; decree confirming report of W. U. Varney, commissioner in chancery, and appointing S. G. Brent, J. M. Johnson and R. D. Brumback commissioners to sell property.

SECOND HAND DRESSES.

Chicago society women are not averse to wearing second-hand clothing. This fact, revealed last week, is due to no imputation whatever upon feminine purchasers, but to their natural desires.

Mrs. Harold McCormick, daughter of John D. Rockefeller, attended a reception recently where she was startled to see a dozen of the fair ones present arrayed in her former gowns.

Mrs. McCormick never wears her gowns more than two or three times. They are then sold to a second-hand dealer. Recently some of her friends, who were wealthy but thrifty, asked to have first bid on her Worth and Paquin creations.

She called all of these women up two weeks ago and informed them that twenty-five gowns with hats and coats to match were about to go into the district. The women came and there was much trying-on. Mrs. McCormick served tea and then told her guests there would be no charge for the gowns.

A week later Mrs. McCormick attended the reception, where she encountered twelve of her former gowns as many of her friends.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by Gibson & Timberman and W. F. Orlington & Co.

NEGROES ACQUITTED.

William Anderson, Thomas Baize and Barnes Burnice, negroes, were acquitted in the Mayor's Court in Danville yesterday of attempted assault on Mrs. John W. Ferrell, wife of one of the leading merchants in Danville, who was attacked in a fashionable suburb of the city while she was out walking with her daughter at about dusk, October 15.

The bond which attacked Mrs. Ferrell was made, and the description she gave the officers of her assailant led to the arrest of Anderson and Baize. They were spirited away to Lynchburg to prevent mob violence. They were taken back to Danville on Monday. Burnice was arrested a few days after the crime was committed. Mrs. Ferrell and her daughter failed to identify the negroes. Neither saw the face of the man, who hung his head. The negroes yesterday established alibis, and at the conclusion of the testimony Commonwealth's Attorney Hamlin did not ask that the defendants be held any longer. The fact that the man was nude and has escaped will make the efforts of the police exceedingly difficult.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in prosperous Kansas today, although a few hard times are remembered. He says: "I was worn out and discouraged when I was in the hard times, but I have not a single grain of real coffee in it. Dr. Shoop's Health Coffee is made from pure roasted grains or cereals, with Malt, Sugar, etc. Made in one minute. No tedious long wait. You will surely like it. Get a free sample at our store E. S. CRUSHED TO DEATH.

Michael Mason, a middle-aged man, employed by the Pennsylvania Railroad Company at the union station in Pittsburgh, Pa., last night was crushed to death by a train. He was running across the tracks when the train came. He was crushed to death. The rescued passengers escaped in the crowd before their names were ascertained. Mason leaves a widow and two children.
